Shalom from Moscow!

Ooh! Summer has finally come; though it isn't too warm in Moscow yet, the main thing is that our city, grey in all the other seasons, is breathing with life now.

I've never was pleased to meet with death, decay and dissociation. Especially when Christ opened my heart, I started appreciating very much all the life manifestations. For me it became that turning point, where the true eschatological expectation, the expectation of the time when the death itself would be destroyed in Christ, starts from.

A bit of boasting.:) My old dream has come true – I bought an aquarium at last. Now there are several fishes, ten big snails and small cherry-colored shrimps. So, in my small apartment (480 feet) there is less space, but more life. Now our family has become larger: my wife Anna and me, our daughter Masha, dog Roy and the aquarium inhabitants... It has never been boring at ours, and now it is even more interesting!

From Abraham to the Messiah

Our interpreter Tatiana is finishing the translation of our book “From Abraham to Mashiah” written by my friend and our mission volunteer Vadim Kuznetsov. Now it will be available in the English language, look for the PDF-version on our web-site <http://www.appleofhiseye.org/>

www.mashiah.info

www.mashiah.info In the beginning of this year we started absolutely a new project for us. For the first time in the Russian-speaking Internet the Messianic online-radiostation appeared. Only during the last two months the Internet traffic statistics showed 13 gigabytes. For those who don't quite understand what is it: it is an approximate volume, which is being downloaded by the usual Internet user for several

months. During a short period our broadcasts were listened to by more than 200 listeners. The geography of our listeners also surprised me very much. This is the list of the countries for two months: Russia, USA, Ukraine, Great Britain, Germany, Israel, Latvia, Czech, Finland and Norway. I wonder how do the people learn about our radio? We haven't started the advertising campaign yet!! The Lord is wonderful and His ways are inexplicable!!!

When we had been only discussing this project, many people told me that it was sheer folly – to start an online-radio in the time of a crisis. Besides, we didn't have any skills and experience in this sphere. But, perhaps, only the Holy Spirit was able to move me into such a project. May all the glory and honor be to Him for the success we reached!

From the very beginning we decided that our radio broadcasts would contain not only our materials, but the “mashiah.info” resource would be opened for all the Messianic ministries, because all of us have a common vision of preaching the Gospel of Christ to the Jewish people.

Now we've already recorded 3 broadcasts with the participation of Moscow Messianic leaders – “Good old Jewish schmooze”. Also we prepared a few of other broadcasts, but this is only a beginning. We believe that soon the Lord will send us even more materials, and what is the main – more listeners, wishing to hear the Word of God. And, of course, what is a Jewish radio station without Jewish music!:)

We ask our readers to join our ministry in prayer and witness to the Jewish people, especially because there are lots of unbelieving Jews as well as Gentiles, who have an Internet access. Through such ministries we can give them an opportunity to hear about Christ.

If the Lord moves your heart to support “mashiah.info”, you may support our ministry financially. Write me to the following address: applerus@yandex.ru, and I'll be glad to tell you, where you can send your offering. One more news – now you can write me in any language (the modern technology allows to make a translation from any language); or contact our office in the USA

And the main thing – pray for our preaching the Gospel among the Jews and Gentiles. “Even so, come, Lord Jesus!” (Rev.22:20)

Yours in Christ
Alexey
